

Lake Spokane Association
Meeting Minutes
April 16, 2019

The meeting was called to order at 12:36 pm. In attendance were Sean Bunnis, Becky Cresswell, Ken Carmichael Galen Buterbaugh, Mac Mikkelsen and Jan Jenne.

More discussion on LSA sponsorship of aquatic weed control for individual homeowners on Lake Spokane. The final result being that LSA will wait for Avista to prepare a legal document for HOAs to sign to receive aquatic weed treatment sponsored by Avista. LSA will modify that document for individual homeowners to sign to receive aquatic weed treatment sponsored by LSA.

Financial report. We paid \$20 this year for Lake Spokane Chamber of Commerce membership and have received \$.73 in interest.

The minutes from the previous meeting were approved.

How to get more people to attend our meetings? Perhaps focus on education and have a special topic each time with a speaker.

Avista: The boat-in campsites are no fee, first come, first served. They have hired a maintenance contractor and are working with Stevens and Spokane Counties to patrol the campsites. The carp removal is continuing this year and the triploid trout will be planted.

Toxic Task Force: PCBs can be measured to 20-30 parts per quadrillion. How do they get in fish in Lake Spokane? Do they absorb the PCBs from the water or the insects they eat?

How should we change the website to reflect the change in membership standards? Email Becky with proposed changes.

Our next meeting will be Tuesday, May 14th at 12:30 pm.

The meeting was adjourned at 2:03 pm.
